

Stroh MEN WHO COOK

Our *Mission*

Founded in January 2018, Mission to the Son is a faith-based nonprofit organization dedicated to putting God's love into action by engaging in the fight to feed the hungry and house the homeless. Due to the high level of poverty and the devastating lack of social services, we are focusing our efforts on Jamaica. This location may seem luxurious to many tourists, however the lives of most of the residents are spent in poverty. While there are many projects on Mission to the Son's radar, their chief focus is to raise enough money to purchase a house in Jamaica. This will be used as transitional housing for children who age out of orphanages. They will live at the house while seeking further education or job training.

Mission to the Son takes mission trips to Jamaica per year. On these trips, we visit nursing homes, homeless shelters, orphanages, schools and more. We do activities with the people, deliver much needed supplies, and help in any way we can. If you are interested in joining, please reach out to us!
